

Materials:
newspapers (5 sheets
to each group)
bow (optional to top
the tree)
rulers or meter sticks

Newspaper Christmas Tree Challenge

Name: _____

Newspaper Christmas Tree Challenge

Construct the tallest Christmas Tree possible using five sheets of newspaper and tape. You may fold, tear, bend, crumple, or roll your newspaper. Your Christmas Tree must be free standing and stand for 30 seconds. Keep redesigning your tree until you can't go any higher!

Plan & Design your Christmas Tree

Results

	How tall was your tree in cm?	How tall was your tree in mm?	Did it stand 30 seconds?
